TO-DAY'S DISPATCHES.

A Modern Dick Turpin---The President's Tour.

Ex-Gov. Washburn Dead---Fires, Accidents, &c.

A FLIER.

JEROME PARK, Oct. 5.—Haggin's Ben Ali won the third race, 1½ miles, this afternoon, in two minutes.

EX-GOV. WASHBURN DEAD.

SPRINGFIELD, Mass., Oct. 5.—Ex-Governor Wm. B. Washburn, of Greenfield, dropped dead at the morning session of the Board of Foreign Missions to-day.

LOSS BY FIRE.

SIERRA CITY, Cala., Oct. 6.—Fire has just destroyed a number of buildings in the Sierra Buttes mine. Loss, seventy-five thousand dollars.

FELL FROM A ROOF.

SAN FRANCISCO, Oct. 6.—John Garrigan, 18 years old, was almost instantly killed this morning by falling from the roof of a house. The boy was employed by tin roofers, and was sent to the roof to do some repairing.

FOREIGN MISSIONS.

SPRINGFIELD, Oct. 5.—The second day's meeting of the Board of Foreign Missions opened to a great crowd this morning. Reports from missions in Africa, China and the Pacific islands were read. The reports indicate tha schools are progressing and gaining strength.

SUCCESSFUL GAOL BREAKERS.

LOS ANGELES, Oct. 5.—A hole was cut in the wall of the city prison at 9 o'clock this morning and several prisoners escaped. Eighteen in the same cell were detained by the jailor's discovery of the escape. The instruments used were a table knife, a piece of stove and a kettle handle.

A TEXAS ROB ROY.

BALLENGER, Tex., Oct. 5.—The stage running between this place and San Angelo was again robbed last night by the same lone highwayman who held it up last Thursday night. There were two ladies aboard, one of whom had over $45 but the bandit allowed her to retain it, saying he never took money from ladies. He then proceeded to go through the mail bags, opening every letter, but obtained only a small sum. He then moved up to meet the outgoing stage and commanded the parties just robbed not to move until he fired his pistol. After waiting about an hour the stage pulled up, having eluded the robber by taking a new route.

CLIPPER RACES.

SAN FRANCISCO, Oct. 5.—The clipper ship Charmer, which left New York harbor on May 13th, together with the clipper ship Seminole, for this port, arrived here this morning. It was understood at the start that the vessels were to race for San Francisco. The ship Geo. Curtis left Philadelphia on the following day with the intention of beating the Charmer and Seminole. The Charmer encountered light winds all along the voyage. Three days out Thomas Smith, seaman, was lost overboard. No sign of the other racers.

WELCOMED TO CHICAGO.

CHICAGO, Oct. 5.—The train bearing President Cleveland and wife puffed slowly into Alton Depot this morning. There was a loud shout from the crowd and three cheers as the distinguished pair walked across the platform to their carriage. A moment later the President was riding through the streets of Chicago. It was only a few moments after seven o'clock when people commenced to stop at the depot where the president was advertised to alight from his special train, but it was a welcome fitting of the great republic that the President received when he landed for the first time at Chicago. Above the heads of the crowds could be seen the helmets of the military. In all there were four companies of cavalry and artillery. As the President's carriage moved away the military formed around it, and the crowd with wild cheering fell in behind. The President took off his hat the moment he got into his carriage, and bowed and smiled as each roaring cheer went up. He seemed to be well pleased with his welcome.

AN UNDESIRABLE RESIDENCE.

LEXINGTON, Ky., Oct. 5.—News was received here last night that more trouble was brewing in Morehead. The report is that eighteen men arrived in the morning with Winchesters. They came from Soljers station, on the Columbus and Ohio railway, to Morehead. They said there are, or will be, 150 armed men secreted around the town. These men it seems belong to the Logan faction and are gathering because news has been brought that a party of Tolliver's friends intended to come from Elliott county and burn the town. Boone Logan is in Morehead and it was he who ordered the assembling of the men. [illegible] certain that messengers sent to b[illegible] more men got on the train at Mor[illegible]. What the outcome will be no on[illegible] know except that everybody up[illegible] there is trouble of the ve[illegible] ahead. Judge Dehasen [illegible] special term of the court [illegible] sometime this month for [illegible] Harris alias Pendulum, fo[illegible] to murder Judge Cole [illegible] Young.

DEATH ON THE RAIL.

ALBUQUERQUE, N. M., Oct. 6.—The south bound Santa Fe passenger train killed five men at different points along the road yesterday. The men met their death while carlessly walking along the track.

AN ULTRA LOYALIST.

NOGALES, Arizona, Oct. 6.—Manuel Franco, a Mexican, stabbed his wife to death last night because she had taken service in an American family. Franco has killed three other women lately in the same manner and escaped.

JURY FIXERS.

SAN FRANCISCO, Oct. 6.—Ex-Senator Creighton, accused of jury fixing, did not appear for trial this morning and his bond of ten thousand dollars was declared forfeited. The trial of millionaire Morrow, indicted for the same offence, commenced this morning.

FIRE IN NEW YORK.

NEW YORK, Oct. 6.—Fire broke out this morning in Exhriham, Howe's distillery, a three-storey brick building, filled with valuable spirits. The whole stock was destroyed and within an hour the distillery was in ashes. The loss on the building is $25,000 and on stock $150,000.

KNIGHTS OF LABOR.

MINNEAPOLIS, Oct. 6.—The Knights of Labor convention went into executive session at 9:15 a. m., with closed doors and transacted routine business. It was stated that nothing would be given out to reporters until noon. Everything intended for publication will be announced.

THE B. & O.

NEW YORK, Oct. 6.—It is announced that the sale of the Baltimore & Ohio telegraph lines to the Western Union has been completed, and the contract was signed this morning. Gould says he does not know the exact price, but that the Western Union will issue stock to take the indebtedness on the capital stock of the B. & O.

GERMANS IN SAMOA.

SAN FRANCISCO, Oct. 6.—Private advices received here regarding the Samoan usurpatin by Germany report the day previous to Tomasese being made king the house of the London Mission Society at Apia was broken into by the Germans, and the furniture destroyed. The dwellings of the Americans were next entered by the officer with men. Pistols were drawn and the occupants compelled to give up the key to the American store adjoining. Sick Americans were turned out of bed at the point of the bayonet. The Germans then broke into the government house and pillaged the place and burned important state papers.

IN MILWAUKEE.

MILWAUKEE, Oct. 6.—When the train drew into the depot and the presidential car was brought abreast of the temporary platform upon which the President was to alight, an immense crowd cheered repeatedly and swayed and surged about the depot platform. A Presidential salute was fired by "A" battery and the revenue steamer Andy Johnson opened her ports and echoed a response. Immediately on arrival a procession was formed, the largest ever seen here, which traversed the streets and continually cheered by a large crowd.

PRESIDENT IN CHICAGO.

CHICAGO, Oct. 6.—The President drove to the encampment grounds this morning and was followed by an immense and enthusiatic crowd. At the encampment ground a rapid drive was made past two or three thousand troops drawn up in line. A thundering salute from the artillery, and bows and smiles to the couple by the thousands of spectators in the stands, completed the ceremonies at the encampment. President and Mrs. Cleveland, amid mighty cheers, were then driven to the depot, where the train was taken for Milwaukee.

KYACKS FROM ALASKA.

SAN FRANCISCO, Oct. 4.—Five Indian kyacks, or skin canoes, that had been brought down by the U. S. steamer Bear from the Arctic, have been landed from the steamer. They have been a curiosity to a large number of people. Captain Healy, of the Bear, will forward them to the Smithsonian Institute at Washington.

THE BROTHER JONATHAN.

CRESCENT CITY (Cal.), Oct. 5.—As additional particulars have been received of the finding of the wreck of the Brother Jonathan, which foundered in July, 1865, and lost 140 of her passengers and much treasure, it may be said that the wreck was two miles south from Northwest Seal Rock, where the new lighthouse is being built, and about two miles northwest of the rock marked on the chart as Jonathan Rock, where it has always been supposed the steamer had struck. At this point is a sunken rock, known to boatmen in this vicinity as Saddle Rock, and not laid down in the chart, which at low tide is covered by three feet of water, and at high tide by ten. Three hundred feet northwest of this rock is where the wreck was found in thirty-three fathoms of water.

Captain Gee has gone to San Francisco and will communicate with divers in England or France to come up next summer and wreck her. Nothing can be done until that time as the weather is too rough in winter. There are a few boatmen in this vicinity who do not think that this is the Jonathan. They say it is too far off the coast, but Captain Gee has spent the last couple of summers up here hunting for the wreck and is sure that this is the Brother Johnathan.

FIRE IN VANCOUVER.

A Disastrous Conflagration--Losses and Insurance.

VANCOUVER, Oct. 6.—A fire at 6 this morning destroyed the Gravely & Spinks block, corner of Carrol and Oppenheimer streets. Four stores and their contents are a total loss. Two offices and a barber shop are badly damaged. The loss of G. G. Jones & Co., boots and shoes, $5000; insured in Citizens of Montreal, $1500. Mrs. Farg, millinery, $5000; insurance, $3500 in the Glasgow and London; Stewart, fruit, $500 loss; C. Symons, tailor, $100 loss. The total loss on buildings of G. G. Jones & Co., $1500; no insurance. The loss on Moseley's boiler shop, $200; the furniture was all removed; Gravely & Spinks, real estate office, $50; Ireland, law office, $50. Parties rooming over the stores lost everything. The cause of the fire was an overheated stove in the rear of the millinery store.

Manitoba's Wheat Crop.

The Winnipeg *Sun* says that according to the calculations of the Board of Trade circular, which is certainly within the mark—1,000 trains of 20 cars each (an average carload being estimated at 700 bushels) will be required to transport the surplus crop of the prairie province. Suppose Portage la Prairie to be an average shipping point for the province and Montreal the destination, and that four trains are started from that point today, Oct. 1, and the same number every day after, until the whole is shipped out, it will take until June 7 to do the job. Suppose five days be the average time required for trains to reach Montreal, on Oct. 1 there will be four trains en route; on Oct. 2, eight trains; on Oct. 3, 12 trains; on Oct. 4, 16 trains; on Oct. 5, 20. If the trains could be unloaded at once, by the 10th of October there would be 40 trains, loaded and empty, between Montreal and the Portage, employed in handling the crop of Manitoba, and the same number every day until June next.

ON A SECRET MISSION.

Sir Charles Tupper Starts for Newfoundland.

Nova Scotia Ambitious to Capture the America's Cup.

AN IMPORTANT MISSION.

OTTAWA, Oct. 6.—Sir Charles Tupper, Dominion High Commissioner to England, has gone on a secret official visit to Newfoundland. This, it is learned, he does by direct orders from London, instructing him to confer with the Island Government before the International Fishery Commission meets. He is to try and persuade Newfoundland to come into the Dominion, so that the fishery regulations of the latter could be extended to Newfoundland in time to permit that country to participate in the privileges and concessions that Canada expects to receive from the United States. By including Newfoundland within the three mile limit, if acknowledged by the United States, to extend from cape to cape, American fishermen would be excluded from a vast portion of the banks and other sections of the ocean now considered the high seas. What will be the result of his persuasion upon Newfoundland, which has hitherto held aloof from joining the Dominion, due to her disinclination to assume part of Canada's enormous debt, is uncertain; but in Government circles here it is believed he will succeed. The whole affair is against the American fishing interests.

NOVA SCOTIANS WILL BUILD A YACHT.

HALIFAX, Oct. 5.—A number of moneyed sporting-men held a preliminary meeting here to-day, when a scheme was formulated to organize a company with heavy capital to build a yacht to compete for the America's cup in 1888. The arrangements, so far as they went, were satisfactory and the meeting adjourned, so that the Royal Nova Scotia Yacht Squadron could be consulted and a joint meeting be held to complete the preliminaries. A challenge from the Yacht Squadron will probably go forward in a day or so. It is proposed that the new yacht shall be designed and built in Nova Scotia.

CABLE NEWS.

FIGHTING SOCIALISM.

BERLIN, Oct. 5.—A decree has been issued under the Socialist laws, declaring a minor state of seige here, and prohibiting the sale on the streets of the special editions of the papers.

THE PRISONER KING.

LONDON, Oct. 5.—A dispatch from Cooktown, Australia, says that the German Gunboat Adler, conveying King Malietoa, arrived there and transferred the King aboard the Albatross, which sailed it is supposed for the German colony at New Guinea.

A PAID SPY.

DUBLIN, Oct. 5.—Collinan, the moonlighter, who turned queen's evidence, was taken to Ennis to-day under police escort to give testimony against the murderers of Whelhan. The informer testified that there had been a plot against the farmer, and that he had been a party to the conspiracy. He identified several prisoners as having been concerned in the murder of Whelhan. The witness also admitted having planned moonlight raids in Kerry and Clare, and acknowledged that he had been in the pay of the police for the last five years, although professing loyalty to his companions, who trusted him implicitly. Just before the raid on Sexton's house he had received a small sum of money from Constable Whelhan in payment for the part he had taken in arranging the raid. The statement created a tremendous sensation.

SULLIVAN AND O'BRIEN.

DUBLIN, Oct 6—The trial of Lord Mayor Sullivan and O'Brien for publishing in the papers respectively controlled by them, reports of meetings of suppressed branches of the National League, opened at the Mansion House Court this afternoon. The streets through which the procession passed to the Court were thronged, and the Lord Mayor and O'Brien were the recipients of great ovations along the entire route. After the case had been called by the magistrate, a warm dispute occurred between the police attendants in the court and Sexton, M. P., High Sheriff of Dublin, arising from the desire of the latter to place the city sword and mace before the magistrate. The police attempted to prevent the placing of the city emblems on the table, whereupon Sexton and other municipal officers seized the sword and attempted to place it there by force. After a few minutes both sides desisted, and after a parley a compromise was effected and the sword was placed on the magistrate's bench.

B. C Failures.

The failures in this province for the quarter ending Sept. 30 were five in number, involving a total liability of $14,900, with assets of $8,900. Of the number three were in Victoria, namely Mr. Davis who skipped; John Stewart, plumber, assigned, and L. C. McAdams who was sold out. One in Vancouver, Mr. W. F. Wood, sold out; the other being Hayes Golden City general store, who assigned.

New Drug Store.

R. Atwood & Co. have opened their drug store on Government street, next door to Neufelder & Ross, where can be found a full line of drugs, chemicals, toilet articles, patent medicines, etc., etc. Physicians' prescriptions carefully compounded. R. ATWOOD & CO.

The Place for Bargains.

J. Sehl has just opened, in addition to his well assorted stock of Furniture, Carpets, Oil Cloth and Linoleum, a complete line of Crockery, Glassware, Lamps, and Bar Glasses, the finest ever offered in the country, at remarkably low prices, having arrived before the advance in freight rates.

English Window Glass, 16 oz., all sizes; also Stained and Enamelled Glass, at Muirhead and Mann's Sash and Door Factory.

Moodie, the Evangelist, is conducting revival services in Montreal. The services are attended by immense crowds.

ROUGH ON ROBSON.

The Guardian Thinks the Ottawa Trip Unnecessary.

The New Westminster *Guardian* says: Rumor is very busy in fixing on an object for this very unlooked for event; some people suggest that Mr. Robson has an eye to the Lieutenant-Governorship (Dewdney's place) of the Northwest Territories; others think he was anxious to sport his title of Provincial Secretary in Ottawa, while it lasts, and particularly while there is anything left of the million loan to pay the expenses of the trip. That there can be any valid reason for the trip, is all fiddlededee; there is just as much excuse for the trip as there was for that of Mr. Smithe when he went to Ottawa, as was said, to lobby the Settlement Bill, when in fact he went to Montreal about the Vancouver extension of the railway. This thing of Ministers—as we call them—galloping over the continent, at the expense of the province, when it suits their convenience to air themselves and their importance, or to do a little personal business on the strength of their position in the local government, is completely played out. British Columbia is governed by a set of political adventurers who make a trade of politics, and a very profitable trade too, for the people find all the capital, do all the work, and hand all the profits over to the government. We recommend the people to try some other business or they will soon get into the bankruptcy court.

KOOTENAY NEWS.

Obstruction to Navigation--Death--The Indian Question.

The freight going up the Columbia river from Golden was only conveyed as far as Spillamacheen, in consequence of bars in the river, which obstructed the steamer. These bars can easily be removed, and the attention of the Dominion government should be directed to them, as the loss to Kootenay traders is very large. The Galbraith Bros. alone will have to pay over one thousand dollars additional to have their goods transported from this point in small boats, which would not be incurred were the bars removed.

The commissioners, it is understood, will recommend that the chief Isidore be allowed his own place of 640 acres down the river, and that a small reserve, in addition to the present reserve, be given to the tribe at Bummer's Flat. This, it is believed, will be ample.

Constable Lasenby, of the M. P., died at Fort Steele a short time ago of mountain fever. He was a native of London, England.

Dr. Powell, jr., troop surgeon, and son of Adjt.-Gen. Powell, is very ill with mountain fever. Dr. Powell, sen., will remain until his nephew recovers or until he is relieved.

THE ANAHAM MEADOWS.

TO THE EDITOR OF THE TIMES:

SIR,—There appeared in your issue of Sept. 16th a most extraordinary statement of unalloyed falsehoods, calculated to do much mischief. By the "Britisher" who has been frightened away I suppose myself is meant, as I have applied to purchase such parts of the Anaham Meadow as Mr. O'Reilly, very justly, did not give them. And I say justly, because the Indian does not require much pay, as has been proved over and over again. Mr. O'Reilly laid off this year in addition the reservation for the Toosi tribe, and two meadows some few miles away. They are capable of putting up certainly 125 to 150 tons of hay. This year they put up about 32 tons, of which amount 24 was for me, 20 being in payment for a mower and rake sold to them in the spring. These meadows have been cut by these same siwashes for the last ten years, and at no time have they ever kept back more for their own use. The Anaham Meadow is a big one. The siwashes will never cut a tenth part of it. If the Indian is a more desirable settler than the white man, by all means give them everything they ask for. Their reservation is the finest piece of land to be found in the Chilcotin District, and with the 640 acres laid off by Mr. O'Reilly, they have now more land than they are ever likely to use. As to the nonsense of the Indians gathering and warning me off, it is an absolute and entire lie. In the first place the whole Anaham tribe, men, women, and children is only about 300, as I was present when the census was taken. In the second place, not a word of any kind has the Chief Anaham said on the subject though he has been to my upper ranch several times buying flour from the mill in the last three months; besides my seeing him once or twice when crossing his reserve. Instead of the government being "called upon to settle the question" here, it would be better if they prevented such scandalous falsehoods being printed in papers that are circulated through the country, and only tend to delay the development of those parts they libel. In conclusion, I should feel much obliged if you would let me know the source of your information.

Yours truly,
MORTIMER GEORGE DRUMMOND.

THE APPROACHING PROVINCIAL CONFERENCE.

The long talked of conference of the several provinces forming the Dominion of Canada will open its sessions in Quebec—Canada's "Ancient Capital"—on Thursday the 20th inst. It is stated that all the provinces excepting Prince Edward Island will be represented. The Hon. John Robson, who is now in the east, will hold up British Columbia's end of the stick. Concerning this important gathering the Montreal Herald observes that as the larger provinces have agreed upon a date for the Conference, we presume that an official invitation will be extended to all the members of the Confederation. That there will be a full attendance of the representative public men who conduct the provincial governments need not be doubted. Nor need there be much mystery in regard to the character of the subjects to be discussed at the Conference. There has been a good deal of wild talk in the organs supporting the Ottawa Government, which charged that the Governments of Ontario and Quebec were meditating a revolutionary movement of some kind, and faithful partizans everywhere were ordered to treat the proposed Conference as an attack upon the Confederation compact, the object of which would be the destruction of the Confederation itself. It is safe to say that the passionate language and the partisan misrepresentation directed against the Conference will have no weight with reasonable people. When the rights of the provinces are assailed as they have been by the one-man government at Ottawa, it is only right that the men who have been selected by the people to lead the provincial legislature should satisfy themselves in regard to the authority to be found for such attacks in the British North American Act. If the sums set apart for the support of the provincial public services are found inadequate or entirely disproportioned to the enormous sums absorbed by the central government, surely the provinces may deliberate on the subject and, if possible, find a remedy. If a score of questions between the Provinces and the Dominion have remained unsettled ever since Confederation; if every effort by each province to induce the Dominion Government to dispose of these irritating questions has failed, is it not within the right of the provinces to consider whether a joint effort, joint representations in regard to these subjects, might not bring about a final settlement? Most persons will hail with satisfaction any movement having for its object the final removal of all causes of contention between the Dominion and the Provinces, and this, as we understand it, is the object of the Provincial Conference at Quebec next month. It will, we believe, be heartily endorsed by nine-tenths of the people of Canada.

A FEW NUTS TO CRACK.

At present the ministerial journals all over the Dominion are shouting the loyalty howl. It is not long since the very same yelpers printed in capitals, or black letters, "Canada for Canadians." It is the same class who vociferously shout we must not have free trade with the United States, because such a policy would be detrimental to and discriminating against Great Britain. When our protectionist friends were framing the 1879 tariff and its subsequent amendments, the chief organ of the government said that if British connexion stood in the way or interfered with Canada, so much the worse for the connexion. Now these very journals are prepared to sacrifice everything to the connexion. If we may shut out British manufactures, in order to build up Canadian industries, why may we not do the same to build up Canadian trade? The Conservative journals, with one breath, tell us that we are a mighty nation, five millions of people strong, owning half a continent, with the best fisheries in the world, fifth maritime power on the earth, and possessing more railway mileage, population considered, than any other country. But, say they, we must not make a profitable trade arrangement with our next door neighbors, if we wished so to do, because it would be against British interests. If this is so the query arises where does "Canada for the Canadians" come in? What then becomes of our boasted importance if we cannot have our own way in a matter of this kind, one of the most vital importance to us as a growing, progressive nation? All along these scribblers have told the world, that they preferred "reciprocity of trade" to "reciprocity of tariffs." The St. John, N. B., Telegraph sagely observes that already "we have reciprocity of tariffs, and now that we propose to exchange that form for "the other form of reciprocity, why "do they (the Tory journals) oppose "it?" Again; the super-loyal Tory journals have all along been telling us that Britain is ruining herself by free trade, while Canada, having sensibly adopted a high tariff, is prospering greatly. Now if Britain is so foolish and Canada so sensible, why should we lose a chance to make a profitable bargain on Britain's account? Why not, since we are a self-governing community, allow us to settle our affairs, commercial and otherwise according to Canadian interests and desires, as Britain settles her own affairs according to the wishes of her people? Britain is the wealthiest nation in the world; why need we, who have not one-hundredth part of her wealth, isolate ourselves from trading with our neighbors on Britain's account? It is said that "blood is thicker than water." But are not our American neighbors quite as nearly related by blood to our people as the people of Britain? More than a million of the people of the states are our own people, born on Canadian soil, or the children of those who were born on Canadian soil. The balance are mainly of the same race and speak the same language. Why should it be thought a crime against Britain for us to have free trade with these people? These are a few of the many things in connexion with the Tory attitude toward reciprocity that, as Lord Dundreary would say, "No fellow can understand."

PERSONAL AND POLITICAL.

The impression prevails in Ottawa, that there will be no reorganization of the Cabinet this fall, excepting the appointment of a Minister of Trade and Commerce.

It is believed that Hon. Geo. E. Irvine, judge of the vice-admiralty court, Quebec, will resign and take the position of counsel for the Canadian Pacific railway. The latter is worth about $10,000 a year.

Justice Osler has decided at Osgoode Hall that the deposit of $200 for Dominion elections can be legally made by persons not legal agents or candidates.

REAL ESTATE.

Sale of Valuable Property in the City of Toronto.

The corners of King and Yonge Streets in Toronto are the most valuable of any property in the Dominion. Montreal not excepted. A sale of the Dennis estate took place there last week when properties fronting on King and Yonge Streets were sold. As indicating the value of property in a city of 140,000 and growing by leaps and bounds, the following particulars may interest some of our real estate operators on this coast. It will be seen that the highest price paid was $1,875 per foot, ranging down to $725. During Winnipeg's famous boom it was a usual thing to hear of property being sold for $600 per foot and upwards to $1,000, $1,100 being paid in one exceptional instance. That city to-day has a population of 22,000 and property has receeded in prices asked and realized from 100 to 200 per cent. The north-east corner of King and Yonge is known to many of THE TIMES readers. The lot has a frontage of 80 feet on King and 90 feet on Yonge, and was sold to Mr. S. H. James for $1,875 per foot frontage. Mr. Geo. A. Cox, of Peterboro, purchased parcels No. 4, having a frontage of 62 feet 10 inches on King street, by a depth of 60 feet for $900 a foot; parcel 3, having a frontage of 18 feet on King by a depth of 112 feet for $950 a foot; parcel 4, 23 feet on King by a depth of 112 for $1,000 a foot; also parcel 5, a frontage of 40 feet by 112 deep for $1,000 a foot. These prices are for ground only. Parcels on Yonge street, in the vicinity of the corner were sold for prices ranging from $725 to $800 per foot, ground only. These are stiff figures, but as compared with prices asked in cities of a few thousand inhabitants, whose existence and prosperity may be in the palm of a few individuals' hands, the prices realized are indeed reasonable.

Canadian Pacific Competition.

A special to the San Francisco *Chronicle* from Washington states that Secretary Edward A. Mosely, of the Inter-State Commission, has written a reply to the attack by R. S. Spofford, a well known attorney, upon the policy of the government by which it is claimed that the Canadian Pacific Railroad is gaining much of the transcontinental traffic to the exclusion of the railroads of the United States. Mr. Mosely cites law and decisions of the Treasury Department to show that the practice of transporting products through Canadian territory has been recognized and in force for more than twenty years, and it has never met with objection until the present time. Mr. Mosely says it is not in the power of the executive to prevent the exercise of the right of cheap transportation through Canada, nor in any important measure to discourage it.

In Difficulty.

Few men in Western Ontario are better known that Mr. Benjamin Cronyn, who, for many years, was Solicitor for the Ontario Investment Association. A few years ago he was estimated to be worth fully $500,000. He has made an assignment to Sheriff Glass of all his estate, effects and chattels. The reason assigned for his misfortune is losses incurred in connection with speculation in stock and the failure of Mr. Henry Taylor, who was President of the Investment Association, as well as of the London Bank. A general feeling of sympathy exists for Mr. Cronyn. It is probable he will be able to effect a reasonable settlement with his creditors.

Catarrah, Catarrhal Deafness and Hay Fever.

Sufferers are not generally aware that these diseases are contagious, or that they are due to the presence of living parasites in the lining membrane of the nose and eustachian tubes. Microscopic research, however, has proved this to be a fact, and the result is that a simple remedy has been formulated whereby catarrh, catarrhal deafness and hay fever is cured in from one to three simple applications made at home. A pamphlet explaining this new treatment is sent free on receipt of stamp, by A. H. Dixon & Son, 305 King street West, Toronto, Canada.—*Christian Standard.*

The Afghan Boundary.

Sir West Ridgeway, the head of the Afghan Boundary commission, has an important article in the *Nineteenth Century*, declaring that the demarcation has been satisfactorily carried out, and that there is a reasonable hope of the durability of the *status quo*. He ridicules a Russian invasion, and quotes as a remark of a diplomatist that the advance of Russia through Central Asia has been like a knife gliding through butter, but has now met the hard side of the dish.

CITY COUNCIL.

Mr. Keefer, C. E., to Investigate and Report on Water Schemes.

The regular weekly meeting was held last night. Present: His Worship Mayor Fell and Couns. Vigelius, Pearse, Braden, Barnard, Higgins, Styles and Harris.

Minutes of previous meeting read and, on motion, adopted.

COMMUNICATIONS.

From the Surveyor-General, acknowledging receipt of communication respecting a sidewalk to Government House, and informing the Council that the communication would be laid before the Chief Commissioner of Lands and Works on his return. Received and filed.

From Colonel Holmes, requesting that a sidewalk be constructed to the Agricultural Hall, which had been temporarily leased for the residence of men belonging to "C" Battery. Referred to Street Committee.

From Robert Ward & Co., enclosing account for 100 tons of cement, said account amounting to $1775. Referred to Finance Committee.

From Joseph Billiard, calling attention to the defective condition of a drain on Store street. Referred to Street Committee.

From Truck & Dray Company, for permission to purchase 50 tons of cobble stones from the sand pits belonging to the Corporation. Referred to Street Committee.

From George Stelly, requesting permission to construct a drain on Blanchard street, to connect with the Johnson street sewer. Referred to the Street Committee.

From Frank Lakin, for permission to purchase gravel to finish his contract on Oswego street. Referred to Street Committee.

From Thomas Haughton, for permission to use a portion of Yates street between Douglas and Broad for building purposes. Permission granted.

From S. T. Styles, for permission to use a portion of Yates street below Oriental alley for building purposes. Granted.

Coun. Higgins moved that a by-law, regulating the width of streets, be read a first time. Seconded by Coun. Barnard.

Coun. Pearse said he hoped the by-law would not be retrospective; a number of property-owners had already laid out their streets, and, although they were not opened, their width had been already marked out. The by-law was read a first time.

Accounts amounting to $2500 were read and referred to the Finance Committee.

REPORTS.

From the Street Committee, recommending that property owners be requested to pay a *pro rata* share towards the construction of a brick drain from Gowan's brewery to Store street. Adopted.

From the Police Committee submitting the evidence taken in the investigation into the conduct of Officer Smith, and recommending his immediate dismissal from the police force.

Coun. Pearse said the evidence was most convincing, and he considered that Smith should be discharged in the most ignominious manner.

Coun. Higgins said that Smith had been paid to watch a house of ill-fame, and had given such contradictory evidence at the investigation that there was no doubt of his guilt. The report was adopted.

A minority report of the Water Committee recommending that the various schemes now before the council be referred to J P Keefer, C M G, of Ottawa, and that he be requested to select the best, or mention one.

Coun. Barnard said that Mr. Keefer is at present in the city in connection with an arbitration case, and his services could be secured for the sum of $250; by this means a solution of the difficulty at present existing on the water question would be attained.

Coun. Styles would vote for the adoption of the report provided the expense would not exceed the sum stated by Coun. Barnard.

Coun. Pearse said he was absent from the city when Mr. Summerfield was appointed Water Commissioner. Mr. Keefer was well known to the speaker and needed no recommendations from him to prove his ability and great experience; but what did the Council intend to refer to Mr. Keefer? The ratepayers had approved of a scheme, and the Council had brought forward scheme after scheme. The people's money was being frittered away, and now another scheme was proposed. The Hendry scheme is the only one before the Council, and Coun. Pearse was prepared to prove that it is the only feasible scheme. Mr. Summerfield's report states that water would be supplied the higher levels without pumping; this statement is incorrect, because Government House is five feet above Elk Lake, which shows that Mr. Summerfield's report is not borne out by facts. If the Council considered Mr. Summerfield a competent engineer why do they propose to engage Mr. Keefer? The Hendry scheme is the only one legally before the Council.

Coun. Higgins said he had heard many competent men lauding Mr. Summerfield's report and he had no doubt that Coun. Pearse was ready to attack Mr. Summerfield in the same manner as Mr. Bell had been attacked. He was prepared to stand or fall by Mr. Keefer's report, and hoped that no factious opposition would be offered to the adoption of the report.

Coun. Vigelius was glad to find that a majority of the Council had changed their opinions and were willing to adopt the course proposed by Coun. Grant some time ago. Coun. Vigelius would support the adoption of the report provided the decision of Mr. Keefer would be considered final.

His Worship wished the Council to distinctly understand that he would not be responsible for their actions in this matter. The present councillors had a short time to continue in office and nothing could be done to increase the supply during the present year. The ratepayers had decided in favor of a scheme and he would have nothing to do with any other scheme without the assent of the ratepayers.

The minority report was adopted, Coun. Pearse voting in the negative.

The Council adjourned at 9:20.

W. H. Collings, an Englishman, was drowned in the Saskatchewan in eight inches of water. The man had a fit.

Interview. Mgr. O'Brien, late papal delegate, said the K. of L. question was settled, and there need be no fear of interference from Rome.

The Presbyterian synod of the maritime provinces, in session at Halifax, are discussing a project to send another mission to the New Hebrides.

Ernest Aspect Dit Desorme, aged 30, belonging to Buckingham, Que., employed as a servant by Mrs. Timmons, was shot dead by his eight-year-old son, a fellow servant. The little chap did not know it was loaded.

The Western Association Congregational Churches are in session at Hamilton, Ont. The constitution was revised with a view to secure a systematic interchange of pulpits, for the advocacy of denomination schemes, and to promote closer union among churches.

AYER'S Sugar-Coated Cathartic PILLS.

If the Liver becomes torpid, if the bowels are constipated, or if the stomach fails to perform its functions properly, use Ayer's Pills. They are invaluable.

For some years I was a victim to Liver Complaint; in consequence of which I suffered from General Debility and Indigestion. A few boxes of Ayer's Pills restored me to perfect health.—W. T. Brightney, Henderson, W. Va.

For years I have relied more upon Ayer's Pills than anything else, to

Regulate

my bowels. These Pills are mild in action, and do their work thoroughly. I have used them, with good effect, in cases of Rheumatism and Dyspepsia.—G. F. Miller, Attleborough, Mass.

Ayer's Pills cured me of Stomach and Liver troubles, from which I had suffered for years. I consider them the best pills made, and would not be without them.—Morris Gates, Downsville, N. Y.

I was attacked with Bilious Fever, which was followed by Jaundice, and was so dangerously ill that my friends despaired of my recovery. I commenced taking Ayer's Pills, and soon regained my customary strength and vigor.—John C. Pattison, Lowell, Nebraska.

Last spring I suffered greatly from a troublesome humor on my side. In spite of every effort to cure this eruption, it increased until the flesh became entirely raw. I was troubled, at the same time, with Indigestion, and distressing pains in

The Bowels.

By the advice of a friend I began taking Ayer's Pills. In a short time I was free from pain, my food digested properly, the sores on my body commenced healing, and, in less than one month, I was cured.—Samuel D. White, Atlanta, Ga.

I have long used Ayer's Pills, in my family, and believe them to be the best pills made.—S. C. Darden, Darden, Miss.

My wife and little girl were taken with Dysentery a few days ago, and I at once began giving them small doses of Ayer's Pills, thinking I would call a doctor if the disease became any worse. In a short time the bloody discharges stopped, all pain went away, and health was restored.—Theodore Ealing, Richmond, Va. ††

CHAPTER XVII.—Continued.

"Take this parchment," said Nyleptha; "it is thy warrant, and guard every place of in and out going in the apartments of my sister Sorais, 'Lady of the Night,' and a queen of the Zu-Vendi. Let none come in and none go out, or thy life shall pay the cost."

The man looked startled, but he merely said, "The queen's word shall be done," and departed. Then Nyleptha sent a messenger to Sir Henry, and presently he arrived, looking uncommonly uncomfortable. I thought that another outburst was about to follow, but wonderful are the ways of women. She said not a word about Sorais and his supposed inconstancy, greeting him with a friendly nod and stating simply that she required his advice upon high matters. All the same there was a look in her eye and a sort of suppressed energy in her manner toward him that made me think she had not forgotten the affair, but was keeping it for a private occasion.

Just after Curtis arrived the officer returned, and reported that Sorais was gone. The bird had flown to the temple, stating that she was going, as was sometimes the custom among Zu-Vendi ladies of rank, to spend the night in meditation before the altar. We looked at each other significantly. The blow had fallen very soon.

Then we set to work.

Generals who could be trusted were summoned from their quarters, and as much of the state affairs as was thought desirable was told to each, strict injunctions being given to them to get all their available force together. The same was done with such of the more powerful lords as Nyleptha knew she could rely on, several of whom left that very day for distant parts of the country to gather up their tribesmen and retainers. Sealed orders were dispatched to the rulers of far off cities, and some twenty messengers were sent off before nightfall with instructions to ride early and late till they reached the distant chiefs to whom their letters were addressed; also many spies were set to work. All the afternoon and evening we labored, assisted by some confidential scribes, Nyleptha showing an energy and resource of mind that astonished me, and it was 8 o'clock before we got back to our quarters. Here we heard from Alphonse, who was deeply aggrieved because our non-return had spoiled his dinner (for he had turned cook again now), that Good had come back from his hawking and gone on duty. As instructions had already been given to the officer of the outer guard to double the sentries at the gate, and as we had no reason to fear any immediate danger, we did not think it worth while to hunt him up and tell him anything of what had passed, which at best was, under the peculiar circumstances of the case, one of those tasks one prefers to postpone; so, after swallowing our food, we turned in to get some much needed rest. Before we did so, however, it occurred to Curtis to tell old Umslopogaas to keep a lookout in the neighborhood of Nyleptha's private apartments. Umslopogaas was now well known about the place, and by the queen's order allowed to pass whither he would by the guards; a permission of which he often availed himself by roaming about the palace during the still hours in a nocturnal fashion that he favored, and which is by no means uncommon among black men generally. His presence in the corridors would not, therefore, be likely to excite remark. Without any comment the Zulu took up his ax and departed, and we also departed to bed.

I seemed to have been asleep but a few minutes when I was awakened by a peculiar sensation of uneasiness. I felt that somebody was in the room and looking at me, and instantly sat up, to see to my surprise that it was already dawn, and that there, standing at the foot of my couch, and looking peculiarly grim and gaunt in the gray light, was Umslopogaas himself.

"How long hast thou been there?" I asked testily, for it is not pleasant to be aroused in such a fashion.

"Mayhap the half of an hour, Macumazahn. I have a word for thee."

"Speak on," I said, now wide enough awake.

"As I was bid, I went last night to the place of the White Queen, and hid myself behind a pillar in the second anteroom, beyond which is the sleeping place of the queen. Bougwan (Good) was in the first anteroom alone, and outside the curtain of that room was a sentry; but I had a mind to see if I could pass in unseen, and I did, gliding behind them both. There I waited for many hours, when suddenly I perceived a dark figure coming secretly toward me. It was the figure of a woman, and in her hand she held a dagger. Behind that figure crept another, unseen by the woman. It was Bougwan following in her tracks. His shoes were off, and for so fat a man he followed very well. The woman passed me, and the starlight shone upon her face."

"Who was it?" I asked, impatiently.

"The face was the face of the 'Lady of the Night,' and of a truth she is well named.

"I waited, and Bougwan passed me also. Then I followed. So we went slowly and without a sound up the long chamber; first the woman, then Bougwan, and then I; and the woman saw not Bougwan, and Bougwan saw not me. At last the 'Lady of the Night' came to the curtains that shut off the sleeping place of the White Queen, and put out her left hand to part them. She passed through, and so did Bougwan, and so did I. At the far end of the room is the bed of the queen, and on it she lay very fast asleep. I could hear her breathe, and see one white arm lying on the coverlid like a streak of snow on the dry grass. The 'Lady of the Night' doubled herself thus, and with the long knife lifted crept towards the bed. So straight did she gaze thereat that she never thought to look behind her. When she was quite close Bougwan touched her on the arm, and she caught her breath and turned, and I saw the knife flash, and heard it strike. Well was it for Bougwan that he had the skin of

"I saw the knife flash."

iron on him, or he had been pierced. Then for the first time he saw who the woman was, and without a word he fell back astonished and unable to speak. She, too, was astonished, and spoke not; but suddenly she laid her finger on her lip, thus, and walked toward and through the curtain, and with her went Bougwan. So close did she pass to me that her dress touched me, and I was nigh to slaying her as she went. In the first outer room she spoke to Bougwan in a whisper, and clasping her hands thus she pleaded with him, but what she said I know not. And so they passed on to the second outer room, she pleading, and he shaking his head, and saying, 'Nay, nay, nay.' And it seemed to me that he was about to call the guard, when she stopped talking and looked at him with great eyes, and I saw that he was bewitched by her beauty. Then she stretched out her hand, and he kissed it, whereon I gathered myself together to advance and take her, seeing that now had Bougwan become a woman, and no longer knew the good from the evil, when behold! she was gone."

"Gone!" I ejaculated.

"Ay, gone; and there stood Bougwan staring at the wall like one asleep, and presently he went too, and I waited a while and came away also."

"Art thou sure, Umslopogaas," said I, "that thou hast not been a dreamer this night?"

In reply he opened his left hand, and produced about three inches of the blade of a dagger of the finest steel. "If I be, Macumazahn, behold what the dream left with me. The knife broke upon Bougwan's bosom, and as I passed I picked this up in the sleeping place of the White Queen."

All in the Family.

"I deeply regret it, sir, but honor and my altered circumstances compel me to release your daughter from her engagement. I cannot enter your family a beggar. In the recent deal in the north end stocks I lost my entire fortune."

"Not another word, my boy; not another word. I got it."—San Francisco Examiner.

THOMPSON-JENNINGS.—At the First Presbyterian Church, Pandora street, by the Rev. D. Fraser, on the evening of the 5th inst., Mr. Wm. Thompson to Miss Amy E. Jennings, both of this city.

CITY AND PROVINCE.

—Kuria's Jubilee Cigars are now ready.

—Money saved by having your plans made by FISHER, the ARCHITECT *

EASTERN TOWNSHIP'S BUTTER at Neufelder & Rees'. *

—L. C. McAdams is still in durance vile. The case will be continued to-morrow morning.

—Remember the Grab Sack Social at Oliver's Academy Hall on Saturday evening. *

—For a delicious MILK PUNCH or a genuine COCKTAIL go to the Pritchard House. *

—A number of Indians brought a Chinaman to gaol to-day and charged him with furnishing them with whiskey.

—Strong, serviceable umbrellas, suitable for school children, 75c each, at Jeffree's, Yates St. *

—Officer Graham discovered the fire last night and not special Officer Stewart as reported in the *Colonist* this morning.

—Photographic views along the line of the C. P. R. in B. C., and views of Alaska, for sale at R. MAYNARD'S, Douglas St. *

—Mens', Youths', and Boys' Rubber Coats at reduced prices, at Jeffrees', Yates St. *

—Steitz Bros. are prepared to supply their celebrated ICE CREAM in quantities to suit, by the glass, quart or gallon. *

—The fire alarm at 1 o'clock this morning was caused by an incipient fire behind Messrs. Wilson Bros. moulding shop on Herald street. Damage slight.

The only place in the city for a glass of British Beer on draught is the Occidental Hotel. XXX Edinburgh and XXX Burton. WM. JENSEN.

—The WASHBURN GUITAR is the best and most perfect instrument of the kind made. A fine assortment always kept at M. W. WAITT & Co.'s, Agents for B. C. *

—You can have Brown's celebrated CLIMAX WASHING POWDER at greatly reduced prices, manufactured by PENDRAY & Co., Humboldt street, Victoria. *

—Pendray & Co. have only sent a part of their No. 1 soap east. You can have your orders promptly filled by them on Humboldt street. *

—See the new dress stuff that is selling at the Lansdowne House, Yates street, 8 yards for $1. *

JOHN PARTRIDGE, Proprietor. *

—Families requiring extra quantities of sugar for preserving purposes will find it to their advantage to purchase at FELL & Co's. *

—Tomb and Headstones, Monuments, in Marble, imported and local Granite, Mantle pieces and Wash Stands in Marble, artistically executed, and at reasonable rates, at George Hodge's Marble Works, Douglas street, Victoria. Call and see specimens of work. *

—Manitoba oats are being delivered on the mainland at $25 to $26 per ton. They are pronounced to be of excellent quality and exceeding 40 lb to the bushel in weight.

—The people east are good judges of soap, that's just the reason they buy largely of Pendray & Co. We keep a full stock on hand of soap that is soap. You try it. *

—Mr. Frank Campbell is to-day exhibiting a mammoth squash, grown by Mr. Samuel Gray, Chemainus. It weighs 104 lbs. Now's your time for trotting out mammoth squashes. Next.

—W. H. PENNOCK, practical jeweler and diamond setter, DENNY'S BLOCK, upstairs, Government street. Best quality, latest styles, reasonable prices, gold plating and general repairs. P. O. Box 60. *

—REDUCED PRICES:—Just received over 250 patterns fine mouldings, steel engravings and all latest pictures in stock. Framing and mounting a specialty. JOS. SOMMERS, Government street. *

—Another shipment of ladies' and children's tweed ulsters, felt and straw hats, new wool goods, black silk umbrellas, hosiery, gloves, etc., etc. Lansdowne House, Yates street.

J. PARTRIDGE, Proprietor.*

—Sufferers from the effects of quinine, used as a remedy for chills and fever, should try Ayer's Ague Cure. This preparation is a powerful tonic, wholly vegetable, and without a particle of any noxious drug. Warranted a sure cure. *

—Manitoba this year will have fully one million bushels of potatoes for export. If reasonable rates can be had a considerable market will be found in British Columbia for Manitoba's surplus tubercules.

—Twenty-two years ago, says the Portland *News*, the steamship Brother Jonathan was lost on the trip from San Francisco to Portland off Crescent City. Only last Monday was the wreck of the lost steamer found—eighteen miles north of Crescent City. The rock which wrecked her was not on the chart.

—Very extensive changes have been made in the public building, New Westminster, for the accommodation of the customs officials. Mr. J. S. Clute, Collector, has now an office worthy the position and name of H. M.'s Customs. It is handsomely fitted up and conveniently arranged throughout.

—"I have taken within the past year several bottles of Ayer's Sarsaparilla, and find it admirably adapted to the needs of an impoverished system. I am convinced that this preparation, as a blood purifier, is unequaled." C. C. DAME, Pastor Congregational Church, Andover, Me. *

—So important has the trade between the North Arm of the Fraser, the Richmond municipality and Vancouver become that a couple of steamers are now being built at New Westminster specially adapted for that trade. They will have a carrying capacity of about 200 tons. The boilers, engines and propellers were built by the Doty engine works, Toronto.

Locating Settlers.

Mr. W. Halpenny, government guide, will leave on Monday morning's train at 8:20 with parties in search of land for Cowichan district. Those in search of land are requested to call on Mr. Halpenny.

The P. O. Home.

The following parties gave the donations named during the month of September: J. A. Clarihue, grapes and peaches; Mrs. A. A. Green, clothing; Mr. Perkins, pears; Vancouver Bakery, bread; Ladies of St. John's Church, grapes; Madame Jorand, clothing; R. E. Church Bazaar, Bread and Rolls.

Hanlan and Beach.

A dispatch to the *Sportsman*, from Sydney, N. S. W., says: The committee having the Beach-Hanlan race in charge has agreed that the steamboat's receipts shall be divided equally between the principals. Thomas Muir, the distiller, will give the winner £200.

Champion Lacrosse.

The lacrosse match for the championship of the world played at Cornwall, Out., Saturday, between the Shamrocks of Montreal and the Cornwall Club, caused great excitement. Twenty thousand people witnessed the game, three thousand coming from Montreal. The Shamrocks were beaten three straight games in ten, twelve and thirteen minutes. The Montreal men lost heavily in the betting.

The C. P. R. Steamers.

The *Canadian Gazette* announces that the Canadian Pacific Company will at once build for the Pacific mail service three steamers, with an average speed of 20teen knots an hour, capable of reaching eighteen. The total cost will exceed $2,500,000. This amount, however, is fully covered by the Imperial subsidy. The contract will be placed in the hands of the Clyde builders, with instructions to push on the work so as to have the vessels ready for service in about a year.

Importing Thoroughbreds.

Mr. William Whitelaw, of Guelph, one of the most noted breeders in thoroughbred stock in the Dominion, has lately imported five gimmers from the famous flock of border Leivesters, the property of Lord Polworth. These are pronounced to be amongst the best which have yet crossed the Atlantic. They will figure conspicuously at the Canadian exhibitions next year. It is to be hoped some of them or their descendants will find their way to the Pacific Coast.

Tony Cigars.

A Satisfactory Showing.

For the quarter ending the 30th of last month, in the country traversed by the Canadian Pacific extending between Port Arthur and Donald, there were only nine failures, with liabilities aggregating $101,600 and apparent assets of $120,000. Six of the failures were in Winnipeg and three outside that city, with liabilities amounting to $11,600 and assets slightly in excess of that sum. British Columbia's record is even more satisfactory than that of the sister province and territories beyond the mountains.

Black and Tan Cigars,

Geo. Howison, J. P., Dead.

Mr. George Howison, J. P., of Maple Ridge, one of the best known and most popular citizens of the mainland, who had been in declining health for some time, died at his residence last Tuesday. He was in his 41st year, and had resided in that locality for 15 years. During his life time he occupied many positions of trust, such as councillor and reeve of the municipality, and at the time of his death was postmaster. He leaves a wife and seven children to mourn his death. He was a native of the County of Megantic, P. Q.

Gladstone Cigars.

A Milch Cow Test.

At the late Ontario Provincial Exhibition, held in Ottawa, a prize was offered for the best milch cow. Regulations for the test had been prepared by the officers of the Association. It will be observed that the Ayrshire's maintained their record of being the best all round milchers. The competition resulted as follows: Joseph Yuill's Ayrshire cow scored 86.85 points; Mrs. Jones' Jersey, 80.46; R. Hagar's grade, 75 10; James Drummond's Ayrshire, 75.09; Mrs. Jones' Jersey, 64.85; W. Rodden's Ayrshire, 62.77; J. G. Clark's grade, 62.31; R. R. Sangster's Shorthorn, 57.76; James Drummond's Ayrshire, 57.28; J. Taylor's Ayrshire, 51.86.

Smoke "Creme de la Creme" Cigars.

Special Prizes.

Mr. W. H. Ladner, M. P. P., gave a prize of $5 at the Provincial Exhibition for the best unsalted butter, which was won by Mrs. Forsythe, of Chilliwhack.

Mr. James Orr, M. P. P., gave two specials of $7.50 and $2.50 respectively for the best and second lady rider. Misses Evans and Kipp were the winners.

Mr. Ladner's prize of $5 for the best walking or saddle horse, was won by Mr. George Black.

The excellent prizes offered by Mr. W. H. Higgins, representing Messrs. Stone & Wellington, of Fort Hill, Ont., drew out considerable competition, but the winner is unknown to us at the time of writing.

Really! The Creme de la Creme.

A Fashionable Wedding.

One of the most fashionable weddings ever celebrated in Montreal took place yesterday (Wednesday), when Edith, eldest daughter of R. B. Angus, was married in the Scotch Presbyterian Church, St. Paul's, by the Rev. Mr. Barclay, who timed his return from Scotland to be present at the ceremony, to Fred F. Wanklyn, of the Grand Trunk railway. The ceremony was very imposing, and was attended by the *elite* of society. The presents were rich and elegant, Mr. Angus giving his daughter a completely furnished house. Sir George and Lady Stephen also sent presents, as also did Sir Donald and Lady Smith. The bride is neice of our fellow townsmen, Messrs. William and James Angus.

Creme de la Creme Cigars; A. B. Gray & Co., Agents.

The Indian Commissioners.

The government steamer, Sir James Douglas, will leave for the north to-morrow morning. The Indian Commissioners, Hon. Mr. Cornwall and Mr. J. P. Planta, and Judge O'Reilly will go up to Nass River to begin their investigation into the cause of the grievances of the Indians there.

Thomson—Jennings.

At Pandora street church last night, in the presence of the intimate friends and a large number of well-wishers, Mr. Wm. Thomson (with S. J. Pitts & Co.) was united in marriage to Miss Amy E. Jennings, also of this city. The event was a quiet, but exceedingly pleasant affair, and after the nuptial knot had been tied by Rev. Mr. Fraser, the young couple received the heartiest felicitation from their friends. THE TIMES sends its blessing.

The Water Works.

The decision of the Council to take the opinion of Mr. Keefer, C. E., on the proposed water works extension, is a wise one. A similar proposition was made some months ago—if we mistake not by Mr. Grant—but it was voted down by the Councillors who, last night, favored a consultation with the eminent engineer now in the city. The water works question is about as full of foreign matter as the water from the water works, and it is useless to talk of purifying it through local filtration. A disinterested opinion is wanted; without it it will be impossible to arrive at anything decisive.

Y. M. C. A. Annual Meeting.

About 30 members of the Y. M. C. A. attended the yearly meeting held last evening and elected the following officers for the ensuing year: President, A. C. Flummerfelt; 1st Vice-President, N. Shakespeare, M. P.; 2nd Vice-President, J. R. Ferguson; 3rd Vice-President, R. Erskine; Recording Secretary, R. C. Fawcett; Directors: James Hutchinson, Hon. J. Robson, D. Spencer, A. A. Green, J. Jessop and R. A. Anderson. The Association adjourned until October 19th, when a detailed report showing the financial condition of the Association will be presented. A committee consisting of R. Erskine, J. Hutchinson and W. Walker was appointed to draw up a report showing the number of members and condition, financially, of the Association.

What Am I To Do.

The symptoms of Biliousness are unhappily too well known. They differ in different individuals to some extent. A Bilious man is seldom a breakfast eater. Too frequently, alas, he has an excellent appetite for liquids but none for solids of a morning. His tongue will hardly bear inspection at any time; if it is not white and furred, it is rough, at all events.

The digestive system is wholly out of order and Diarrhœa or Constipation may be a symptom or the two may alternate. There are often Hemorrhoids or even loss of blood. There may be giddiness and often headache and acidity or flatulence and tenderness in the pit of the stomach. To correct all this if not effect a cure try *Green's August Flower*, it costs but a trifle and thousands attest its efficacy. *

Propagation of Fish.

During the past season probably upwards of ninety millions of fish of every variety taken from the various government hatcheries have been placed in the rivers and streams of Canada. At this season of the year the fishery officers are engaged in robbing the parent fish of their spawn. This task is going on in various portions of the Dominion. Traps and nets are called into requisition for the purpose, and the fish, after being robbed of the spawn, are returned to the waters. The ova thus collected is sent to the hatcheries, whence young fish are distributed in the following season. The great lakes are being gradually re-stocked with fish, the American Government also co-operating in the work. Various kinds of trout as well as pickerel and bass are also propagated by the Fisheries Department.

Prof. Tanner's Pamphlet.

A new pamphlet on British Columbia, by Prof. Tanner, has just been issued by the Department of Agriculture. The writer gives first an admirable sketch of his trip through Canada over the C. P. R., dealing with each section of the province in turn. Prof. Tanner gives a concise outline of its natural features, and describing more fully the resources and capabilities of the whole country from an agricultural and commercial standpoint. He pronounces the province best suited for fruit culture, dairy products and raising cattle and horses, its capacity and conditions for the latter being unsurpassed in America. The fisheries and mineral resources are described as among the finest in the world. The pamphlet contains much valuable information as to the laws and regulations, both Dominion and provincial, which control the settlement of public lands. Altogether the pamphlet is a good one, and considerably above the average of immigration literature.

The Elder's Cargo.

The Geo. W. Elder's manifest embraced mercandise for eastern cities via the Canadian Pacific Railroad as follows:

New York	2,600
Boston	1,165
Total, Eastern	$17,365
To British Columbia	16,625
Total	$28,990

The shipments to eastern cities included the following: To Chicago—61,647 lbs dried fruit, 1,000 cs canned fruit. To New York—21,281 lbs dried fruit. To Boston—80 bbls salmon.

To British Columbia the shipments included 349 galls and 6 cs wine, 12 cs whiskey, 251 cs canned and 6,571 lbs dried fruit, 114 cs canned goods, 200 sks beans, 849 lbs coffee, 60 lbs tea, 15,726 lbs bread, 100 lbs butter, 1,261 lbs hams, 440 sks malt, 266 feet lumber, 1,335 lbs tobacco, 7 pkgs arms and ammunition, 10 sewing machines, 180 kgs nails, 2 rolls leather, 500 lbs bone meal, 11 cs bitters.

Vancouver, B. C.

Rand Bros., Real Estate Brokers, have their office on Cordova Street. *

—Mr. E. M. Smith, of New York, is at the Clarence.

—Those who would like to see Victoria beautifully illustrated and in comfort take a trip to the Rockies, should drop into the Victoria on Saturday. See ad.

—The want of a bridge across Vedder Creek, Sumas, had a very serious effect on the Chilliwhack show, as it prevented many from driving on the trunk road. It is reported that a well known lady and her son had a very narrow escape from drowning whilst crossing the creek. The horses got beyond their depth and began jumping furiously, throwing their riders into the water. By good luck both were good swimmers, which accounts for their being saved.

—Some houses in Vancouver are reported to be doing business "just for the fun of the thing." A leading grocery firm, handling flour, work on a margin of 14 cents per barrel on Winnipeg flour. For this sum they cart a couple of sacks of flour from the C. P. R. wharf to their store and from there deliver it to their customers some of whom are living half a mile beyond False Creek bridge. Small profits and quick returns evidently satisfies some people.

POLICE INVESTIGATION.

Officer Smith Dismissed and Officer Carter Reprimanded.

The Chairman of the Police Committee, Coun. Higgins, and Coun. John Braden, held a meeting yesterday afternoon to take action on two complaints against members of the police force.

Constable Carter was charged with allowing a prisoner to escape at a disturbance which took place in Philharmonic hall during a meeting of the Salvation Army.

The officer was cautioned by the chairman and advised to draw his baton should another attempt be made to rescue a prisoner.

Constable Smith was charged with accepting money from women of ill-fame. Mr. Walls appeared for the defence.

Smith stated that the depositions in the police court were incorrect and that he watched the house in Trounce Alley because he considered it his duty to watch it. The woman told him that Hodge would destroy the property if it was not looked after. Officer Smith made several contradictory statements which were noted by the committee.

Supt. Bloomfield stated that Smith had not received orders to watch the house; he had no right to receive fees; when Smith was at the house at 8 p. m. he was off his beat which was on Johnson street.

Miss Parnell said she hired Smith to watch the house and promised to pay him; Smith said it was his duty to look after the premises and he would take no money; never gave him drinks or cigars; Hodge said he would have Smith dismissed.

May Williams testified that Smith had been given whiskey in the house on Trounce Alley and he received pay for watching the house last March. Telegraphed Smith to watch the house and he telegraphed back that he would.

Constable Smith said he did telegraph something but not the words used by May Williams. He claimed that the telegram received was shown to the superintendent and Sergeant Sheppard.

Supt. Bloomfield and Sergt. Sheppard denied having seen the telegrams, which read as follows:

NANAIMO, March 25th, 1887.

MR. SMITH, (care Police Station, Victoria)—Please look after my house in Trounce Alley; will be down on Tuesday. Answer. MAY WILLIAMS.

VICTORIA, March 25th, 1887.

TO MAY WILLIAMS, Nanaimo—Have been to your house. No one there except party you left in charge. Will keep sharp look-out. Call on me when you come down. JOE SMITH.

His Worship, the Mayor, arrived whilst the proceedings were in progress and wished to know why he was not notified of the meeting; he considered that notice should have been given as he had some questions to ask regarding the matters under investigation.

Edward Hodge said that Smith had attempted to ruin him, and his only redress was to bring the matter before the Police Committee. A quantity of coal oil was scattered over a room in Trounce alley and a lamp broken on the floor; this was done to trump up a charge against Hodge which would send him to the penitentiary. He pointed to Smith and said he, Smith, knew why the oil was spilled over the room; Smith wished to take everything from him, even his liberty. Hodge testified that he had no grudge against Smith, but was arrested by officers Smith and Walker for being drunk and disorderly and was fined $10. Saw and heard Smith in May Williams' house, and heard him ask for whiskey.

Smith testified that Hodge met him a short time ago and said he would have his buttons off before two weeks; he also said he would have another officer off the force before long.

The chairman said that five charges had been made against Smith during this year; Smith contradicted his own statements and acknowledged sending the telegram when it was produced. He also denied taking money which was given him to watch houses of ill-fame.

The room was cleared, and the Committee decided to recommend that officer Joseph Smith be dismissed from the police force.

SCHOOL DISCIPLINE.

A Case in Nanaimo—Before the Trustees.

Our exceedingly sly trustees, who have been charged with "moral cowardice" because they are averse to discussing the most important school business in public, will hold up both hands in horror at the actions of the Nanaimo school board. At that city, on Friday last, a special meeting was held to enquire into the complaint of Mr. A. G. Horne, against Miss Gardiner, the lady principal of the girls department of the public school, who was accused with "most unmercifully beating his daughter Emily." The *Free Press* publishes the evidence taken by the board and, remarkable though it may appear, it is not anticipated that the heavens will fall on the school house because everything was not conducted in a hole-in-the-corner fashion peculiar to the guardians of the educational interests of Victoria. The offence of the pupil was a very trifling one—a violation, according to the teacher, of a rule that the pupils should march into and from the school room in a quiet and orderly manner. The chastisement was three blows on each hand from a stick four feet long, which raised large wails and blisters. The board passed a resolution condemning corporal punishment except in extreme cases, and pronouncing the chastisement in the case in question too severe. This is a "pointer" for the Victoria trustees.

ON THE WING.

Movements of People We Know and have Read of.

Senator Sanford, of Hamilton, Ont., is on his way to this city.

Mr. H. F. Perley, Chief Engineer of the Public Works Department, arrived from the east last night. He will make an examination of Victoria harbor and report to the government.

Messrs. W. L. Payne, Adam Weir, jr., and Mr. McGregor, representing Messrs. Tees & Co., Montreal, left for Winnipeg this morning.

Mr. George Alfred Townsend ("Gath"), is expected to arrive in Victoria on Friday or Saturday. He goes east over the Canadian Pacific.

Messrs. Geo Bishop, Salt Spring Island; B Huntley, Vancouver; R Farwell, Ladner's Landing, are registered at the Occidental.

POLICE COURT.

(Before R. Johnson, Q. C., S. M.)

Four Indians were charged with gambling on a wharf off Store street. Discharged.

Ling Tie, charged with supplying intoxicants to Indians. Remanded.

Kitty Madden, drunk. Discharged.

James Street and Jack Warren, arrested on suspicion of deserting from H. M. navy. Ordered to be sent on board the man-of-war.

—The Goldstream, chartered by Messrs. Robert Ward & Co., for London, is to-day being loaded with salmon at the wharf of Messrs. Turner, Beeton & Co.

—It is supposed that Capt. Anderson will have charge of the Olympian plying on the Victoria-Tacoma route.

Marriage Bells.

Last evening in Christ's Cathedral, in the presence of the immediate friends of the contracting parties, His Lordship the Bishop of Columbia united in marriage Capt. J. A. Hatfield of Seattle, to Caroline Baker, only daughter of Col. Stevens, U. S. Consul at this port. Besides the parents of the bride, Miss Jerome of San Francisco was present. The bride is grand-daughter of Col. Baker, well-known over the Pacific Coast and throughout the American Union for the valorous part he played in the Civil War, and whose tragic end was so universally regretted. The bride was a very popular young lady amongst her acquaintances in this city, where she will be greatly missed, her many good qualities endearing her to every one with whom she came in contact. The gallant captain is an Englishman by birth, but now a resident of Seattle, where he is engaged in business. The happy young couple left this morning for the south on their honeymoon trip. THE TIMES joins their many friends in wishing them every congratulation.
